

Bringing health, hope, and healing to our community

BATTLE GROUND HEALTHCARE IS HIRING AN ADVANCED REGISTERED NURSE PRACTITIONER (ARNP)

Our mission is to Bring health, hope and healing to our community by aspiring to reflect Christ by providing access to free medical, dental, physical rehabilitation, and wellness courses for adults in need by treating mind, body, and spirit one person at a time.

About Us: Battle Ground HealthCare (BGHC) opened in May 2011 to provide integrated comprehensive health care to North Clark County clients aged 18 and above who are uninsured, underinsured, have chronic condition/s, and are at or below 300% of the federal poverty level. Our goal is to improve the medical and dental health of our community, reduce the costs of emergency room visits by managing patients with chronic care needs, and improve the overall quality of life for those around us who have limited access to services.

Battle Ground HealthCare is seeking an Advanced Registered Nurse Practitioner (ARNP) to join our team as we care for those who are underserved in our local communities. The role of the ARNP at BGHC is instrumental in delivering cost-effective, timely and high-quality health care services for the underserved patients who utilize BGHC services. This position is responsible for providing Acute Care and Chronic Care to BGHC patients presenting with a wide variety of conditions. S/he will have excellent communication skills both written and verbal and maintains the highest standards of professional excellence in the implementation of policies and procedures.

Location: Southwest Washington – Clark County

This is a part-time position, Non-exempt, 20 hours a week, \$50-\$60/hour DOE

RESPONSIBILITIES:

Provide Direct Patient Care:

- Effectively identifies, evaluates, and addresses disease prevention and health promotion issues of the population in the practice while administering quality patient care.
- Works in an independent and interdependent relationship with members of the medical staff, which allows for consultation, collaboration, or referral.
- Treats illnesses
- Prescribes medications and treatments and ongoing medication management.
- Orders lab and diagnostic tests in a cost-effective manner and interprets test results.
- Utilizes Telehealth options for patient care as appropriate/needed.
- Responds to telephone inquiries to provide medical care advice.
- Serves as the laboratory contact to address unusual labs that need urgent evaluation and referral to urgent or emergency care.
- Serves as a primary contact to support and provide necessary authorization for Nurse Case Management activities
- Educates patients and/or families about preventive care, medical issues, and use of prescribed medical treatments and/or medications.

Bringing health, hope, and healing to our community

- Maintains legible, accurate, and confidential medical records. Documents all medical evaluations, diagnoses, procedures, treatment, outcomes, education, referrals and consultations according to established standards.
- Supports Clinic Director by way of consulting on Policies and Procedures, writing Standing Orders and answering medical questions
- Provides on-site training and support for volunteers engaging in patient care or coordination for assigned clinics.
- Analyzes new knowledge gained from conferences, workshops, professional literature, or “hands-on training” and assimilates this knowledge into clinical practice.
- Works collaboratively with volunteers, nursing, and other staff.
- Provides holistic care: physical, mental, spiritual, and social needs.

QUALIFICATIONS:

- Advanced Registered Nurse Practitioner (ARNP) professional license and valid Registered Nurse Washington State license.
- Maintain continuing educational state and certification requirements.
